THEME:
IBNS BANKNOTE OF
THE YEAR

IMPORTANT MESSAGE

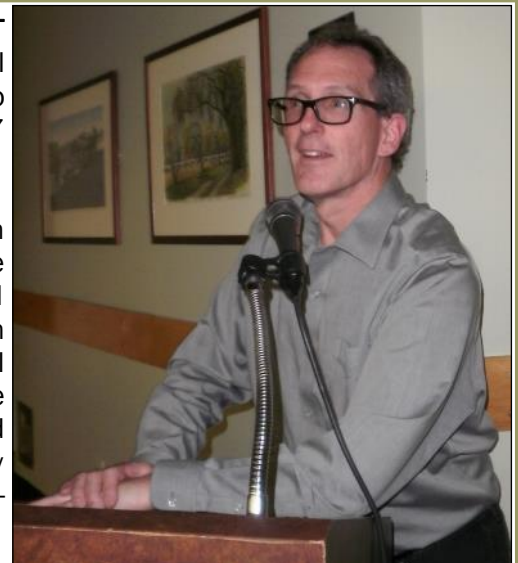

Our next meeting is **Wednesday, July 5th, 2017 AT **7 P.M.**** (DOORS OPEN 6 P.M.)! **Paul Miller** will present **"IBNS Banknote of the Year"** updated to include the recently awarded 2016, and 2017 nominations (which includes new Cdn. \$10).

Paul has been a member of the Waterloo Coin Society since 1977. Like most numismatists, he first began collecting Canadian decimal series. Lately, Paul has branched into Canadian Chartered Bank notes and into international currency such as the International Bank Note Society notes. He is an athlete who has completed three Ironman triathlons and over thirty marathons. As for work, Paul is currently a contractor for hire with the Ontario Public Service.

The IBNS Banknote of the Year award is an initiative of the non-profit educational organization, International Bank Note Society (IBNS), to recognize an exceptional banknote issued each year. Banknotes nominated must have been issued to the public (specimens and non-circulating currencies are ineligible) for the first time during the year of the award, and must have artistic merit and / or innovative security features, and be in general circulation. Nominations are accepted up the 31st January of the following year. In determining the winner, IBNS considers the artistic merit, design, use of colour, contrast, balance, and security features. The winner is announced at the first IBNS Board meeting of the year.

Looking back a decade, this Scottish £50 won the IBNS Banknote of the Year for 2007.

Bring along a friend or two to our next meeting, share the FUN and LAUGHTER!!

Club Report & News reported by Mike Hollingshead, John Semedo, and Scott Douglas

Our June 7th meeting seen 30 in attendance plus 3 who had to leave at the beginning, and 1 who arrived closer to the end due to a large highway accident holding up traffic. Many thanks to **Scott Douglas** who arranged the pizzas, and **Robin** and **John Semedo** who picked them up, and to **John** for looking after the multi-media. Thank you to our auction coordinator **Lowell Wierstra**, auctioneer **Mike Hollingshead** and runner **Sean Sinclair**. Thank you to **Robin** for helping to sell draw tickets, and to **Mel Brown** for looking after the yummy cookies and beverages, and **Gary Fedora** for the spicy olives, and to all who helped to set up and clean up the room.

With **Ernie** and **Linda Blair** away this week for a Clan Keith Society event, many wondered if any auctions lots would sell, but we are happy to say we had active bidders, and we even had pre-bids received before the meeting since we had a \$20 gold coin in the auction! The gold coin set was snapped on on site for \$860, the pre-bids lost. **Ernie** and **Linda** with their "guide-dog" **JJ** were at the following week's WCS

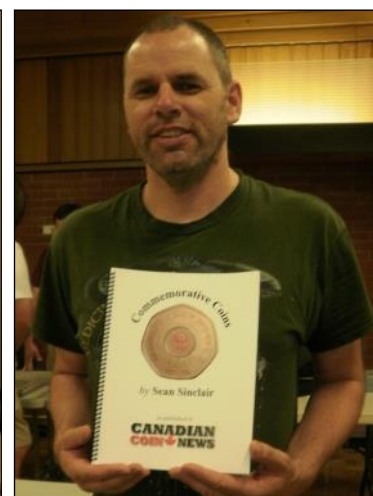

meeting, and **Ernie's** arm was in a sling, maybe too much "hammer throw, tough of war, caber toss or stone put or Maide Leisg (Lazy Stick)" or too much lifting "Scottish Dalmore or Macallan" or maybe he went all out with "Glenfiddich Janet Sheed Roberts or Isabella's Islay" Scottish Whiskey! Have you heard the famous Scottish proverb, "*A little disagreement keeps the conversation long, too much agreement ends the conversation.*"

Our President **Scott Douglas** explained the CAFNE fundraising opportunity, similar to last year, whereby **Alexander B. "Xan" Chamberlain** of Palo Alto, California, a well-known numismatist and strong supporter of numismatic educational programs will match all donations made during the RCNA 2017 convention in United States dollars up to a maximum total of U.S. \$1,000. For example, a donation of \$100 will convert to about \$225 after the matching donation. All Canadian donors will receive a tax receipt. SWCS will be donating \$500 to CAFNE and \$500 to J.D. Ferguson. Scott also called for a delegate to represent SWCS at the RCNA. He also reviewed the Pocket Change Radio show of the night before whereby **Rick Dupuis** interviewed **Judy**

Blackman. Scott has some SWCS Canada 150 medals left at \$15 each for anybody who would like to buy one (this is open members and guests). He noted that had he known **Robin Semedo** and **Judy Blackman** would sell them out at the SWCS spring show, he would have sent more.

Mike Hollingshead explained the need for a special medal holder to fit SWCS medals, and showed what **Sean Sinclair** has come up with. Sean recently designed numismatic themed and NHL theme coin banks, and has just published a collected of his articles on circulating commemorative coins.

Robb McPherson explained changes to the show times for the ONA's 2018 convention in Kitchener, in that both Friday and Saturday will be full shows days and Sunday a half day. He also explained he was taking prepaid orders for silver ONA / Canada 150 medals up to and including June 30th. Robb also has some 2017 convention medals available for purchase. He also showed the TD Canada 150 medal and explained how to go about obtaining one.

Draws:

- King Arthur's Treasure with an equivalent 108 items was won by our Director of Youth Services: **Peter Horne deus**

- The Members Attendance draw was won by **Garry George** who received **\$15**, so next meeting the draw will be for \$5

- The Daytona Draw ticket holder was **Judy Blackman** who enjoyed having **Mel Brown** pay her **\$26** dollars in cash, and Mel in turn was very happy to receive a 1867-1967 UNC coin set which wholesales for **\$60** and retails much higher, and in fact, during the June 18 Colonial Acres Coin auction, a set sold for **\$72** plus premium, taxes and shipping.

[all meeting photos by **Judy Blackman** except the one of Judy and Mel is by **Lowell Wierstra**]

This was also our Annual Pizza night!

Future New Member:

Dani Fedora will be joining in the future said her father **Andrew Fedora** (grandpa is SWCS member **Gary Fedora**).

Education:

Mike Hollingshead gave an outstanding, informative and fun presentation on **"The Dual Currency of Cuba - Post Triumph of the Revolution."** The ever kind and generous Mikey, included Cuban rum, cigars and hats in the festivities with several folks taking goodies home. It was great too that he included pictures of his other home outside of Canada and gave an economic comparison to the cost of living here versus there with some details we can all relate to! Could you imagine if you could pay under \$5 a month for your hydro in Canada like the Mike does in Cuba? Your Editor has already used her hat several times while gardening, mowing, and fishing! Thanks Mike!

Upcoming Educational Speakers:

2017-August: Ben Dettweiler will give an expanded version of the presentation he gave to WCS in May, on "**French Jetons**".

2017-September: Judy Blackman will give a small presentation on "**Recognition of Doris Phaneuf of the Canadian Bank Note Company**" (a little more detailed than the WCS March presentation).

2017-October: Ernie Blair on "**Canadian Precious Medals**." If you caught Ernie on Pocket Change Radio, you know this will be a very interesting presentation!

2017-November: Scott and Mike are working on a couple of out-of-town guest speakers to see which one we can synchronize our schedule with – stay tuned!

2017-December: our food bank drive, and **Scott Douglas** will give another **Christmas Medals** presentation (different from last's year's).

Auction:

June auction has some exciting bidding, especially for the Canadian coin set with the \$20 gold coin. **Our July auction once again has GOLD!! Be sure to check the Canadian gold coin!!!**

Besides the worldwide known gold Maple Leaf coins, the Royal Canadian Mint struck \$100 dollar gold coins as well from 1977 until 1986. These coins are struck in 22 carat gold and contain exactly 1/2 troy ounce fine gold (Composition: .917 Gold, .083 Silver), 16.965 grams, 27mm diameter. Every year, these Proof coins have a different design.

Our July auction has the Canadian Unity (Flying Geese) design "TOGETHER INTO THE FUTURE". This particular design, has been selling in the \$875-\$950 CAD range according to iCollector auctions and eBay sales, as well as world coin dealers.

This coin was issued as a promotion to Canadian Unity and shows twelve geese flying in formation, representing ten provinces and two territories. This is KM#122 in the Krause catalogue, and there were 200,000 minted worldwide. The obverse is the young draped bust of Elizabeth II designed by Arnold Machin, RCM Staff. The reverse Unity side was designed by Roger Savage and Ago Aarand.

There's GOLD in them thar hills!

Did you ever wonder where the expression "there's GOLD in them thar hills" came from?

It originates from Dahlonega, Georgia, site of the first U.S. gold rush in 1828. From its steps in 1849, Dahlonega Mint Assayer Dr. Matthew Fleming Stephenson tried to persuade miners to stay in Dahlonega instead of joining the California Gold Rush, saying, "There's millions in it," famously misquoted as "There's gold in them thar hills." It doesn't originate from one of Mark Twain's books as has been falsely reported from time-to-time. Twain actually got it from Dr. Stephenson in 1892 for his book *The American Claimant*. Dr. Stephenson was emphasizing peaks of rich rewards on offer to those willing to do a bit of digging – it speaks of hidden opportunity; but, Georgia twang translated it to "there's gold in them thar hills." Coldplay came out with a song similarly titled more almost 200 years later!

The Dahlonega Mint (Lumpkin County) was a former branch of the United States Mint built during the Georgia Gold Rush to help the miners get their gold assayed and minted, without having to travel to the Philadelphia Mint, which opened many years after the Dahlonega Mint closed. All coins from the Dahlonega Mint are gold bearing the "D" mint mark (which today is used by the Denver Mint), in the \$1, \$2.50 (quarter eagles), \$3 (1854 only), and \$5 (half eagles) denominations, and bear dates in the range 1838-1861. The Mint Act of 1835 established the New Orleans Mint to coin gold and silver, and the Dahlonega Mint to coin gold only. Ignatius Alphonso Few, appointed commissioner, bought ten acres south of Dahlonega for \$1,050 in August 1835, and hired the architect Benjamin Towns, the lowest bidder at \$33,450, to construct the mint within eighteen months. Mint machinery was installed in 1837. The coining press could make 50-60 gold coins per minutes. The official opening of the Mint was February 1838, with about 1,000 ounces of gold were deposited in the first week, and the first coins consisting of 80 five-dollar gold pieces minted on 17 April.

When the American Civil War broke out in 1861, the Dahlonega Mint was seized by the Confederates. It is believed that after the Confederates took over the Mint in 1861, that some gold dollars and half eagles were minted under the authority of the Confederate States Government. The exact number of 1861-D gold dollars produced is unknown, while approx. 1,597 1861-D half eagles were struck. Because of their relatively low mintage, all Dahlonega-minted gold coins are rare. It is generally accepted that gold coins estimated to exceed \$6 million were minted here.

After the end of the Civil War, The United States Government decided against reopening the mint for its purposes. The

Update on the Regitkos (as at June 9, 2017)

In addition to reinjuring his knee, **John Regitko** is currently in the isolation ward of a Toronto hospital due to a serious respiratory illness. His lovely wife **Monina McCullough-Regitko** is making progress in recovering from her replacement elbow surgery. We wish both John and Monina a speedy and full recovery! Monina expressed in regard to the ONA banquet, "I would like to thank the Awards Chairman (Chris Boyer) and his committee for selecting me as one of the recipients of the 2017 "Fellow of the ONA" awards. To state that I was surprised would be an understatement. I was completely taken aback to hear my name called out at the Banquet. I would like to add that we also have to thank the other volunteers who served with me. I have thoroughly enjoyed the camaraderie and fun over many years, attending ONA and RCNA Conventions as well as club shows and coin club meetings. I look forward to again attending the ONA Convention in Kitchener in 2018."

Edmund Henry Gulledge

[DYK #93 —printed with consent of author Scott E. Douglas]

DID YOU
KNOW

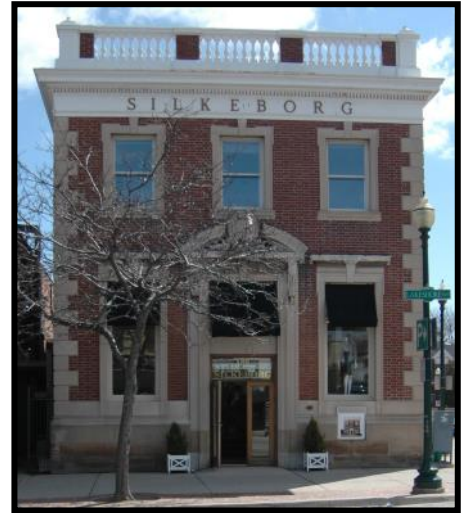

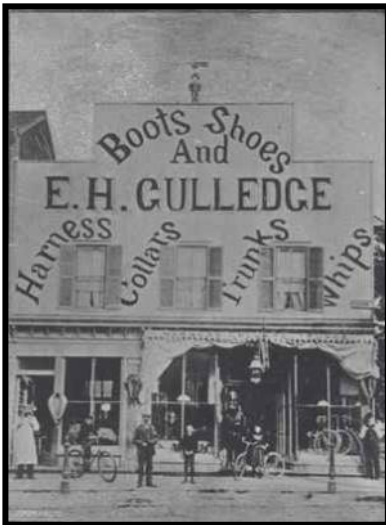

.....that Gulledge Trail in Oakville, Ontario is named after a family of harness makers that were in business there for 104 years?

Edmund Henry Gulledge was born in Oakville, Ontario November 17, 1851. His early education consisted of public school in Oakville and was completed by private tutor. Gulledge then began an apprenticeship in his father's saddler and harness shop finishing his trade in Jamestown, New York in May of 1871. Now, at the age of 20 Gulledge returned to his father Henry Gulledge's shop and was immediately accepted as a partner. This arrangement continued for the next 6 years and in 1877 Edmund bought out his father's interest and carried on the business for a number of years. Gulledge married Jane Armanda Oliphant of Oakville on March 21, 1881.

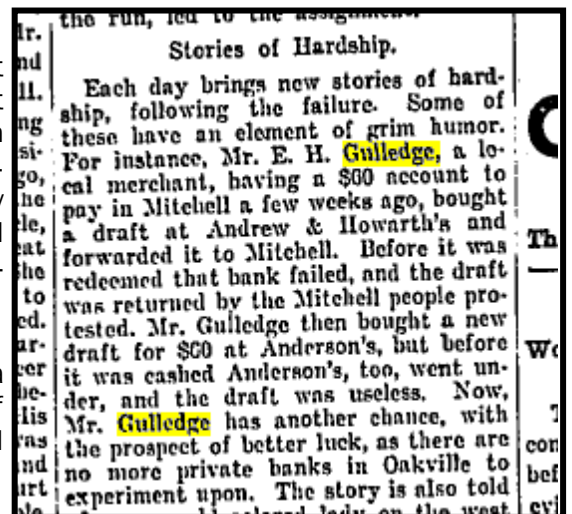

In 1891 Gulledge applied for and was granted a patent for a metal loop for harnesses. By 1891 Gulledge had been a member of the Oakville Town Council for three years having been elected twice by acclamation.

Edmund Gulledge died in 1947 at the age of 95 having lived a full and prosperous life.

Edmund H. Gulledge's first store was located at 194 Lakeshore Road East from 1877-1897. The above store (on the left) was located on the south east corner of Lakeshore Road and Thomas Street. This second store location burned down about 1915 (Gulledge then returned to his first location at 194 Lakeshore Rd.) and was a vacant lot until 1920 when it was purchased by the Toronto Dominion Bank (middle photo). The Toronto Dominion Bank sold the building in 2001 and the business of Silkeborg continued until 2014 (photo on right taken 2008).

Right - In the Toronto Globe newspaper of Wednesday December 24, 1902 a story headlined OAKVILLE BANK'S AFFAIRS Edmund Gulledge tells a story of the time. Bank failures were all too common in the early days and could prove quite costly to local merchants.

building was unused until the founding of North Georgia College in 1873. The mint building was used as the main academic and administrative building for the college until a fire destroyed the original building in December 1878. A new building for the college was erected on the foundations of the old mint building. This building is now name Price Memorial Hall after William P. Price, the founder of the college, and is still used by the college today. Gold leaf from this are also covers the exterior of the domed roof over the rotunda of the Georgia State Capitol in Atlanta. Local media often refer to the state legislature's activities as what's going on "under the gold dome". After the capitol building was gold leafed citizens of Dahlonega began a campaign to gold leaf Price Memorial Hall after the same fashion as the capitol. Eighty-one year old collector John McMullan assembled a 62-gold coin collection named The Reed Creek Collection (all graded and encapsulated by NGC and PCGS and which includes a 1861-D Indian Head dollar AU-58 (less than 235 known to still exist) and a 1861-D Coronet \$5 half eagle AU-58) after the region of Georgia in which his father, Thomas Leverette McMullan, was born and raised and who graduated from the U of Georgia in 1920. This collection is on exhibit at the university.
